Organized by

We are the Chartered Institute of Procurement & Supply Chain

 **CIPS MENA**
PROCUREMENT & SUPPLY CHAIN
CONFERENCE AND AWARDS
2027

The Chartered Institute of Procurement & Supply (CIPS) is the world's leading professional body for procurement and supply. Operating across more than 180 countries, CIPS sets the global standard for skills, ethics, and professional practice. Its internationally recognized competency framework supports capability building at every stage—from tactical roles to advanced strategic leadership.

CIPS hosts flagship events worldwide, including regional conferences such as those in the MENA region, and the renowned Excellence in Procurement & Supply Awards. These gatherings not only showcase innovation and best practice but also serve as benchmarks for professional achievement. Within this context, CIPS PSCFF 2027 is positioned as the region's premier Conference—bringing together leaders and practitioners to shape the future of procurement and supply.

CIPS MENA 2027

CIPS MENA
PROCUREMENT & SUPPLY CHAIN
CONFERENCE AND AWARDS
2027

**The definitive platform for procurement
and supply chain leadership across the
Middle East and beyond.**

Under the theme **“Future-Proofing Technology. Governance. Resilience. Performance.”** the Forum equips decision-makers to navigate pressing global and regional challenges, strengthening resilience against geopolitical and supply chain shocks, and seizing growth opportunities driven by Vision 2030.

The Conference and Awards are strategically paired with the Real Estate Supply Chain Forum (RSCF) on 08 April 2027, bringing together two powerhouse gatherings in back-to-back days. Together, they create a unique platform where procurement, supply chain, and real estate leaders converge to accelerate localization, sustainability, and giga-project delivery.

 **CIPS MENA**
PROCUREMENT & SUPPLY CHAIN
CONFERENCE AND AWARDS
2027

Future-Proofing Procurement: Technology. Governance. Resilience. Performance.

This year's theme reflects the urgent need for procurement and supply chain functions to adapt to a rapidly changing global landscape. With regulatory requirements becoming more complex, organizations must strengthen technological infrastructure to bolster system resilience and data security. At the same time, resilience has emerged as a critical priority—ensuring supply chains remain agile and robust in the face of disruption. Beyond managing risk, procurement leaders are now expected to deliver measurable growth by driving innovation, sustainability, and strategic value creation. The Conference will explore how these four pillars—Technology. Governance. Resilience. Performance.—intersect to define the future of procurement and supply in the MENA region and beyond.
